

# Qbit-15

المنازة

15W 980nm

## Applications :

- Hemorrhoids
- Fistula
- Physiotherapy
- Anal fissure

FDA 2797

# Qbit-15

**Physiotherapy  
Optional**

**General Surgery  
Standard**

## Multi - Wavelength Combination

With advanced design, we can combine 1-4 wavelengths 650nm/ 810nm/ 910nm/ 980nm to **Qbit-15** system, so it can meet wide range of clinical requirements. The 7 inches LCD panel and high resolution 600\*1024 pixel offers easy operation experience.

## Advanced Heat Management

Through hundreds of thermal analysis simulation, even with upgrade 15W power, it can continue working at least 4 hours without overheating problem.

## Flexible With External Battery

**Qbit-15** can be used in different treat areas with the optional external battery, and the battery is easy in replacement, so no need to worry about power supply problem for longer working time.

## Full Accessories for different clinical requirements

- Safety goggles
- Surgery handpieces
- Carry case
- Footswitch
- Fiber stripper
- Fiber cutter
- Fiber (2pcs)

## Specifications

Laser Type	GaAlAs Diode Laser
Wavelength	980nm
Maximum Power	15W
Operation Mode	CW Or Repeat Pulse
Pulse Duration	10us- 3s
Repetition Rate	0.2Hz- 50KHz
Pilot Beam	Red Diode Laser Of 650nm, Power<5mW
Control Mode	True Color Touch Screen (7 inches, resolution 600*1024)
Transmission System	Medical Fibers With SMA905 Connector
Dimensions	160(W)*180(L)*235(H) mm
Weight	2.1Kg
